What is Thrive Academy Platinum?

Platinum is like getting an **MBA for Coaches and Holistic Practitioners** (without the MBA price tag). It's designed to give you the **skills and confidence to earn \$10,000 (or more) each month.**

Many of today's Transformational Leaders made their first six figures after participating in Platinum. **Our members have earned over \$100 Million collectively.**

"This year, I made over 1 million dollars in my business!"

"When I first met Jesse and Sharla, my health was seriously compromised because I was overworking myself at a stressful job that didn't fulfill me. I knew I wanted to start a business...but I didn't know where to begin. I signed up for all of the Thrive Academy Programs and within 1 year I made almost six figures.

Now just 6 years later, I lead live events, group programs, and home study courses that have each generated hundreds of thousands of dollars in sales. I love being able to work from home in my yoga pants.

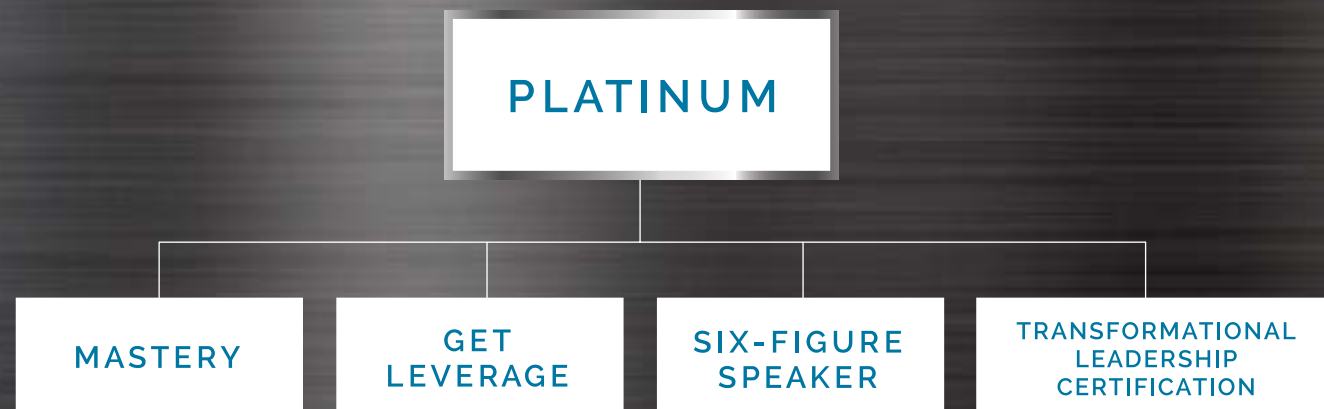

This year, I made over 1 million dollars in my business! The best part is, I'm totally fulfilled by the difference I'm making, and I get to go on the best vacations, like surfing in Costa Rica.

Thrive Academy gave me the courage, support and know-how to get my business off the ground and running successfully. I highly recommend their excellent, incredibly valuable training programs!"

THRIVE ACADEMY PLATINUM INCLUDES
OUR 4 CORE PROGRAMS

"I have a multiple six-figure business and I've transformed thousands of lives."

"Before I took Thrive Academy Programs, I was struggling to pay my bills. I so badly wanted to make a difference, but I felt intimidated and afraid. Jesse and Sharla taught me how to enroll clients and fill my group programs. Just a few years later, I have a multiple six-figure business and I've transformed thousands of lives.

I'm often flown around the country to speak to entrepreneurs and women's groups, and I've gotten to share the stage with women I've been looking up to for years. Thank you Jesse and Sharla, for what you provide. It's so needed."

—Sage Lavine, Conscious Women Entrepreneur Mentor

“My business went from \$10,000 to \$250,000 in that first year.”

“When I first started my business, I didn’t know how to get clients. I wanted to become a speaker, but I felt so shy that I wouldn’t even raise my hand to share when I was in a small workshop.

In the Thrive Academy Programs, I was able to breakthrough my fear. Shortly after, I accepted an invitation to speak in front of a large audience. Because I had their step-by-step system, my business went from \$10,000 to \$250,000 in that first year.

Just a few years later, I’m an internationally sought after speaker and well known thought leader in the world of holistic nutrition. I’m a published author and have been on TV. The best part is that I was able to set my business up to have the freedom to fully focus on being with my daughter for the first year of her life.”

Thrive Academy Co-Founders

About Jesse and Sharla

Jesse Koren and Sharla Jacobs have been called the **"#1 Source for turning Coaches and Holistic Practitioners into 6-Figure Transformational Leaders."** If you look at today's leading influencers, you'll find that many of them had their first \$10,000-month while working with Jesse and Sharla.

In the past 15+ years, Thrive Academy Members have earned over \$100 Million collectively.

Jesse and Sharla have also been recognized as the world's leading authorities when it comes to teaching Coaches and Holistic Practitioners how to attract more clients.

On the surface, it seems they're just teaching practical skills and templates to Coaches and Holistic Practitioners so they can attract more clients, become influencers and have their first \$10,000-month. However, what they're best known for is providing deeply transformational experiences for people who know they've also got to work on their inner game if they want to create a thriving business.

Whether you want a thriving private practice or you want to become a 6-Figure Transformational Leader or Influencer, Thrive Academy is the place to be.
