"I've paid off my debt, have time to horseback ride, and I bought my dream car..."

"Before I came to Thrive Academy, I was so frustrated because no matter what I did, I could only get a handful of clients.

Now, my schedule is full with clients that I love, who pay me what my programs are worth. I've paid off my debt, have time to horseback ride, and I bought my dream car.

Jesse and Sharla took me step-by-step through a transformative process for my business and my life. You two believed in me when I was in crisis. You saw a bigger vision and I believed in you to coach me through it. THANK YOU from the bottom of my heart."

—Sandy Zeldes, Holistic Nutrition Coach

"My full-time "hobby" turned into a thriving practice."

"Before working with Jesse and Sharla, I struggled for years to get more than 8-10 clients a week and to earn more than \$40,000 a year. I signed up for Client Attraction Mastery and even before the program was over, my client load jumped to over 25 a week. I was soon booked 2-3 weeks in advance!

Each year since Mastery, I have made over six figures in my business and regularly have over \$10,000 months with my best month hitting over \$15,000."

—Randy Lind, Certified Massage Therapist

"I went from earning \$20,000 a year to earning \$20,000 a month!"

"Before working with Jesse and Sharla, I was the founder and operator of a gift-based healing center. I took Thrive's Client Attraction Mastery Program where I began to really master the heartselling conversations and have applied them to my practice successfully. I have about a 95% conversion rate from a heartselling conversation to client!

As a result of Thrive Academy's programs I went from making \$20,000 a year running my non-profit to making \$20,000 in one month and had the best time ever serving a group of people I absolutely love and adore."

—Dr. Aumatma Shah, ND, Founder of the Holistic Fertility Center

"I made back double my investment within the first 3 weeks."

"Before working with Jesse and Sharla, I was pretty sick of doing 'just fine.' I had taken tons of courses and paid lots of money without seeing my investments multiply.

This program worked better than I had expected. I made back double my investment within the first 3 weeks. It was fast growth.

Now I'm on track for six figures. I work 3-4 days a week, 3 weeks a month. My partner and I just signed a contract on a gorgeous condo in New York City and on our time off we like to travel. We spent last New Year's in England, Bruges and Paris. We'll be going back to England, Croatia and Italy for 3 weeks this September.

I love my life. I can't thank Jesse and Sharla enough for their help."

—Melissa Pharr, Love and Relationships Coach
